DETAILED ACTION

Response to Amendment

1. The amendment filed on 23 July 2008 has been accepted and entered.

Response to Arguments

2. Applicant's arguments, see amendment filed 23 July 2008, with respect to the rejection of claims 1-10 have been fully considered and are persuasive, in view of the presently amended claims. The rejection of these claims has been withdrawn.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance:

With respect to claims 1, 10, and 18, Wang, as applied in the previous Office Action ("Novel Routing Schemes for IC layout, Part I: Two-Layer Channel Routing", cited by application), does not disclose access lines that run in a zigzag fashion along a diagonal of the array *wherein at each turning point, the line connects two field elements from a same border column and two successive rows* (emphasis added).

Further, these claims are also allowable for reasons as set forth by the applicant in the communication filed 23 July 2008, with specific regard to the argument set forth in the second full paragraph of page 8 of the arguments/remarks filed 23 July 2008.

Claims 2-9, 11-17, 19, and 20 are allowable for reasons of dependency upon the above claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
